MAZDA 3 ACCESSORIES

MAKE YOUR OWN MAZDA3

Pictures: edited based on German spec model.

The aim is to build a car in much the same fashion as a tailor-made suit or custom-ordered pair of shoes so it best fits each customer's tastes and lifestyle. Part of the fun for customers comes from freely selecting accessories to make the Mazda3 their own. The Mazda3 adopts an elevated version of Kodo design that combines the Japanese aesthetic of pursuing pure essence with fine craftsmanship to reach the level of art. The excitement and pleasure for both customer and maker heighten as they collaborate to build on this inherent quality and make an even better, more personalized Mazda3. Mazda's new generation of accessories is designed to deliver this new form of pleasure and satisfaction.
